
The tradition of arranged marriage in India

Ayane Nakashima

Marriage Arrangement

- most people marry by marriage arrangement
- there is no freedom to choose partner by themselves
- There is very less probability of you marrying to the girl/boy you love.

Tradition of marriage

- The average age at marriage in India
- male: 29-30 female: 25-26
- The marriage process usually begin with a realization in the family that a child is old enough to marry
- Arranged marriage are believed to have initially prominence in India

The caste system

- the arranged marriage is affected by the caste system
- people can marry person who are in the same caste rank
- if marry person who are in different rank, it is enough for getting you killed or to throw you out of your village.
